# Ethnicity and Race Enhancement

---

Release 8.1.1 of the Banner Web Tailor System includes an enhancement to support gathering ethnicity and race information through Self-Service.

## Related Releases

For full information about the ethnicity and race enhancement, refer to the documentation for each of the products that deliver components of the enhancement.

- Banner Web General 8.1.1
- Banner Web Tailor 8.1.1
- Luminis Channels for Banner 8.0.0.1 (ED posting rpe1-460ocz\_1cb80000)

This enhancement satisfies RPE #1-460OCZ.

## Prerequisite

Before installing this release, you must first install Banner Web Tailor 8.1.

## Changed Web Page

### User Login (twbkwbis.P\_WWWLogin)

When a user signs on, the system determines whether the user needs to complete the ethnicity and race survey, and if so, displays the Update Ethnicity and Race page (bwgkomre.P\_RaceSurvey) instead of the page defined in Web Tailor to be the first page presented. The survey is presented after any user security pages have been completed.

## Changed Package

### twbkwbis.sql and twbkwbi1.sql

This package was modified in order to present Self-Service and LDAP users with an ethnicity and race survey at the time of login, when indicated by the institution's settings and the user's data.
